WEB MAINTENANCE & HOSTING PACKAGES

WEB MAINTENANCE.

Web maintenance will involve logging onto client's site, creating a backup file, updating plugins and checking on Wordpress core and theme. The site is then looked over to make sure everything is working properly and will advise on edits/updates as they are noticed. Does NOT include hosting, web layout revisions or text/image revisions.

$20/MO OR $220/YEAR*

WEB HOSTING.

Each hosting package includes built-in caching, nightly backups, simple restore, malware monitoring, SSL certificate, an easy-to-use server access, SFTP access, unlimited collaborators and even a staging site. Best part is, once your account is set up, billing is automatic. Does NOT include web maintenance, web layout revisions or text/image revisions.

$15/MO OR $165/YEAR*

WORDPRESS MANAGED HOSTING.

Everything included in the hosting packages—with maintenance added—without having any site downtime for a bundled price. Packages below.
